*Dues are not considered charitable contributions for Income Tax purposes. They may be considered ordinary and necessary business expenses.*

*The Omnibus Budget Reconciliation Act of 1993 includes a provision which denies the tax deductibility of lobbying expenses and introduced new rules affecting tax-exempt organizations that conduct lobbying and political activities. As mandated by this law, we must estimate the percentage of dues income which will be expended on lobbying activities during 2011. That amount becomes taxable for federal income tax purposes. SEGA can not absorb the tax. Therefore, we are obligated to inform you that 10% of your dues is non-deductible.*
